

Lead Free Nitrogen Type Hot Air Reflow Oven 380V 50Hz VS Series

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: VS Series
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 5500*1600*1800mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Size(mm): 5300*1420*1520
- Weight(Kg): 2650/2950
- Temperature Zone: Top 8.Bottom 8/ Length 4362
- Number Of Cold Zones: Top2. Bottom 0/ Top2. Bottom 2
- Length Of Cold Zone: 685mm
- Heating Zone Rectifying Plate Structure: Thick Aluminum Plate
- Cooling Method: Greenhouse Air Cooling/cold Water Cooling
- Power Requirements: 3Φ 380V 50Hz
- Highlight: **Lead Free Hot Air Reflow Oven,
Hot Air Reflow Oven 50Hz,
Nitrogen Reflow Oven 380V**

Product Description

Features:

- ◆ Windows10 operating system,can realize the free switching of the operation interface in Chinese and English.
- ◆ Siemens PLC+PID closed-loop control to achieve high precise temperature control and repeatable profiles.
- ◆ Modular design,convenient and fast maintenance, reducing maintenance time and cost
- ◆ The rail surface is treated with hardening process to make it more stable.
- ◆ Sound and light alarm and information prompt function with various faults,including temperature deviation,speed deviation,detention board and drop board,wind fault and error operation,etc.
- ◆ The new gas management system can make the hot gas exchange efficiency in the furnace higher,to obtain better thermal compensation and thermal efficiency,and fully meet the requirements of various lead-free soldering processes.
