# SJ INNO TECH HP-520S - SCREEN PRINTER WITH 2D SPI

**Our Product Introduction**

## Basic Information

- Place of Origin:            KOREA
- Brand Name:                SJ INNO TECH
- Model Number:              HP-520S
- Minimum Order Quantity:    1 PCS
- Price:                     USD+negotiable+pcs
- Packaging Details:         1600*1700*1650
- Delivery Time:             1-7 days
- Payment Terms:             T/T
- Supply Ability:            1+pcs+per days

## Product Specification

- MODEL:             HP-520S
- DEMENSI0N:         1530Lx1635W×1550H
- SERIAL N0.:        HP-520S-18006-2106
- WEIGHT:            1360 Kg
- DATE:              2018.5
- Rated Voltage:     1P 220Vac
- Rated Frequency:   50/60Hz
- Rate Current:      3.9A
- Air Pressure:      0.5±0.1Mpa, 40NL/min
- Max. Current:      32A

## Product Description

SJ INNO TECH HP-520S - SCREEN PRINTER WITH 2D SPI DESCRIPTION:
Advanced Solder Paste Printer with 2D SPI On-Board.
AUTO SCREEN PRINTERS WITH ADVANCED VISION SYSTEM FOR ALL PCB TYPES.
1. Standard Features Include:
2. 2D Solder Paste Inspection
3. 3 Stage Automatic Conveyor
4. Under Stencil Cleaning
5. Full Process Control
6. Programmable Squeegee Pressure (5 front, 5 back)
The Advanced Vision System (standard) inspects all shaped fiducials and incorporates multi-color lighting for all PCB types and colors. This system also includes 2D Solder Paste Inspection for built-in quality assurance.
A unique PCB Top Link Edge Clamping System provides a completely smooth surface between the PCB and stencil.
The Cleaning System has blow, two vacuum ports, cleaning dispense, and is programmable to advance paper during cleaning.
