

SMT Nonwoven Cleanroom Wipes Lint Free No Bleach High Absorption for SMT Process

Our Product Introduction

for more products please visit us on smtmachinepart.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GS0604/GS0606/GS0609/GS0612
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 310*310*220mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: GS
- Certification: RoHS
- Model Number: GS0604/GS0606/GS0609/GS0612
- Product Name: SMT Nonwoven Cleanroom Wipes
- Material: Wood Pulp+Polyester
- Application: SMT Process
- Customization: Support
- Lead Time: 1-7 Days
- Highlight: lint free smt splice tape,
lint free smt double splice tape

Product Description

SMT Nonwoven Cleanroom Wipes Lint Free 4"X4" 6"X6" No Bleach

High-performance nonwoven cleanroom wipes designed for SMT applications. These lint-free wipes feature hydraulic interlaced fibers with no chemical bonding, creating a strong, tough, abrasion-resistant material with high absorbency and minimal linting.

Material Composition

Type	Composition
Plain Grain	45% Wood Pulp + 55% Polyester
Grid	80% Polyester + 20% Wood Pulp
PP	100% Polypropylene (PP)

Key Advantages

Superior Absorption: Excellent water and oil absorption properties effectively clean without causing scratches

High-Quality Material: Lint-free, soft, and chip-free with skin-friendly, non-allergenic properties for safety and comfort

Exceptional Durability: Strong, long-lasting design allows for reuse, providing significant cost savings and efficiency

Instructions for Use

Proper Handling: Wrap edges of the dust-free paper inside when wiping devices to avoid contamination

Solvent Use: Use solvents in conjunction with the paper or wipe directly as needed

Wiping Technique: Maintain a flat surface while wiping, avoid rubbing, and always wipe in the same direction to prevent surface removal and achieve optimal cleaning results

Our SMT Stencil Clean Rolls are the ideal choice for keeping printer stencils and PCBs immaculate. They combine advanced materials and thoughtful design to deliver superior cleaning performance, ensuring your equipment remains in top condition.
