

GSFD-CF-JUKI SMT Feeder JUKI Radial tape feeder 24V Power Supply

Our Product Introduction

for more products please visit us on smtmachinepart.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSFD-CF-JUKI
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 100*45*30cm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Material: Aluminum Alloy + Stainless Steel
- Fixed Mode: Consistent With The Equipment Standard Feeder
- PC Link: Consistent With The Standard Feeder For Equipment
- Voltage Used: Power Supply Of Access Equipment / External Connection 24V
- Rated Current: 1.5A
- Peak Current: 2.5A
- Label Positioning: Optical Fiber Positioning And Pulse Compensation
- Maximum Speed: 3 Pcs/s
- Drive Roller Unit: Feeding Cutting
- Refueling Method: Stop And Manual Operation
- Material Specification: 12.7/15mm Braid Material
- Condition: Original New

Product Description

Radial tape feeder Functional characteristics

1. Exclusive and pioneering one-piece molding technology: effectively reduces installation errors, stable and efficient.
2. Slim body design: occupies less space for positioning, maximally saves material loading space.
3. Uses a reducer motor: quiet, efficient, and reduces gear wear.
4. Customizable for various models.
