

JUKI Radial Tape Feeder with 24V Power Supply, Aluminum Alloy + Stainless Steel Construction, and Optical Fiber Positioning

Our Product Introduction

for more products please visit us on smtmachinepart.com

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: GSFD-CF-JUKI
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 100*45*30cm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Material: Aluminum Alloy + Stainless Steel
- Fixed Mode: Consistent With The Equipment Standard Feeder
- PC Link: Consistent With The Standard Feeder For Equipment
- Voltage Used: Power Supply Of Access Equipment / External Connection 24V
- Rated Current: 1.5A
- Peak Current: 2.5A
- Label Positioning: Optical Fiber Positioning And Pulse Compensation
- Maximum Speed: 3 Pcs/s
- Drive Roller Unit: Feeding Cutting
- Refueling Method: Stop And Manual Operation
- Material Specification: 12.7/15mm Braid Material
- Condition: Original New

Product Description

GSFD-CF-JUKI SMT Feeder JUKI Radial Tape Feeder 24V Power Supply

Radial Tape Feeder Functional Characteristics

- Exclusive and pioneering one-piece molding technology: effectively reduces installation errors, ensuring stable and efficient operation
- Slim body design: occupies minimal space for positioning, maximizing material loading space efficiency
- Reducer motor implementation: provides quiet, efficient performance while reducing gear wear
- Customizable for various machine models and applications

SMT Feeder JUKI Radial tape feeder Radial tape feeder specifications SMT radial tape feeder Automatic radial tape feeder
Radial component feeding systems High-speed radial tape feeder Radial tape feeder applications Feeders for odd-form components
Radial lead cutting unit Precision radial tape feeders Radial tape feeder reviews Component placement accuracy
Dual magazine radial feeders Radial tape feeder integration Custom radial feeder solutions SMT production efficiency
Radial tape feeder setup Electronic radial tape feeders Compatible machines for radial feeders Used radial tape feeders for sale
Maintenance of radial tape feeders
