

Versatile SMT Vibration Feeder for Automated Component Feeding in Various Applications

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GS
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 570*56*115
- Delivery Time: 5-15 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Highlight: Versatile SMT Feeder Vibration Feeder , SMT Vibration Feeder , Various Applications SMT Feeder

Product Description

Versatile SMT Feeder Vibration Feeder for Various Applications

This vibration feeder, also known as STICK feeder, is specialized SMT auxiliary equipment designed for efficient chip mounting operations using tube packaging IC methods.

Compatible Pick-and-Place Machines:

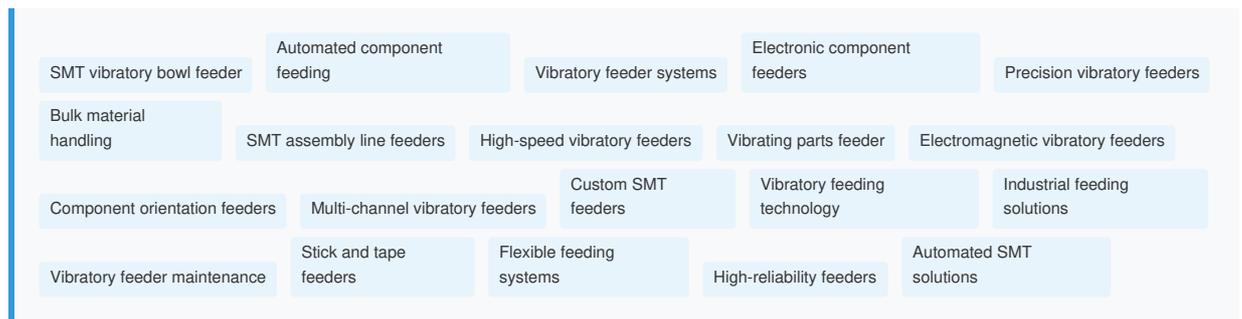

PANASONIC, FUJI, SANYO, YAMAHA, JUKI, KME, SAMSUNG, UNIVERSAL

Enables rapid chip mounting operations through precise vibration frequency generation

Transports components from glue tubes directly to the mounting machine's suction tip feeding position

Optimizes SMT assembly line efficiency with reliable component delivery

Supports various electronic component packaging methods for flexible manufacturing
