

FUJI NXT High-precision Adjustable PCB Support Pin 252*30*52mm for SMT Machines

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: fuji
- Model Number: AA1XH04 / 2AGTCA0025
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 262*40*62 mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Brand Name: FUJI
- Condition: New Compatible
- Lead Time: 1-7 Days
- MOQ: 1 PCS
- Highlight: **NXT PCB Support Pin ,
PCB Support Pin AA1XH04**

Product Description

SMT FUJI NXT PCB Support Pin AA1XH04 / 2AGTCA0025 252×30×52mm

High-precision PCB support pin designed specifically for FUJI NXT SMT machines. This essential component provides reliable support and positioning for printed circuit boards during surface mount technology processes.

Product Overview

The AA1XH04 PCB Support Pin (also known as 2AGTCA0025) is engineered to deliver exceptional stability and precision for PCB assembly operations. With dimensions of 252×30×52mm, this support pin ensures proper alignment and prevents warping during critical SMT processes.

Key Features

- Compatible with FUJI NXT SMT machines
- Adjustable design for versatile PCB support
- High-precision manufacturing for accurate alignment
- Durable construction for long-lasting performance
- Prevents PCB warping during assembly
- Universal application across various PCB sizes
- Magnetic base option available for secure placement
- Ideal for pick-and-place and stencil printing operations

Technical Specifications

Model Number	AA1XH04 / 2AGTCA0025
Dimensions	252mm × 30mm × 52mm
Application	FUJI NXT SMT Machines
Primary Use	PCB Support and Positioning
Compatibility	SMT Assembly Processes

Applications

This PCB support pin is essential for various SMT applications including pick-and-place operations, stencil printing, soldering processes, and general PCB assembly. It provides critical anti-warping support and precise alignment for optimal manufacturing results.
