Product Description

White SMT Solder Paste Blade Plastic Ink Knife

This professional solder paste mixing knife is designed for precision SMT assembly applications, featuring a durable plastic construction and ergonomic design for efficient solder paste handling.

Key Features of High-Quality SMT Solder Paste Spatulas

- Material Durability:** Constructed from stainless steel or high-grade plastic to withstand frequent use without bending or breaking
- Flexible Design:** Ensures even spreading of solder paste over stencils, reducing uneven application or gaps
- Ergonomic Handle:** Provides comfortable grip to minimize operator fatigue during prolonged use
- Non-Stick Surface:** Coated surface prevents solder paste from sticking, ensuring easy cleaning and efficient operation
- Variety of Sizes:** Available in multiple widths and lengths to accommodate different PCB sizes and stencil dimensions

Types of SMT Solder Paste Spatulas

- Stainless Steel Spatulas:** Durable and long-lasting, ideal for high-precision applications and environments requiring chemical resistance
- Plastic Spatulas:** Lightweight and cost-effective, offering flexibility suitable for delicate tasks and small-scale manual operations
- Silicone Spatulas:** High flexibility with excellent non-stick properties, easy to clean and resistant to wear, ideal for repeated use in large-scale production
