

Modular Design Hot Air Reflow Oven Lead Free With Windows 10 VS / DS Series

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: VS-1003
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 5500*1600*1700mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Model: VS-0802/DS-800 VS-0802-N
- Size(mm): 5300*1420*1520
- Weight(Kg): 2650/2950
- Temperature Zone: Top 8.Bottom 8/ Length 4362
- Number Of Cold Zones: Top2. Bottom 0/ Top2. Bottom 2
- Length Of Cold Zone: 685mm
- Heating Zone Rectifying Plate Structure: Thick Aluminum Plate
- Cooling Method: Greenhouse Air Cooling/cold Water Cooling
- Power Requirements: 3Φ 380V 50Hz
- Heating Time: About 25Min
- Highlight: **Hot Air Reflow Oven Lead Free, Modular Hot Air Reflow Oven**

Product Description

Features :

1. Windows 10 operating system, can realize the free switching of the operation interface in Chinese and English.
2. Siemens PLC + PID closed-loop control to achieve high precise temperature control and repeatable profiles.
3. Modular design, convenient and fast maintenance, reducing maintenance time and cost
4. The rail surface is treated with hardening process to make it more stable.
5. Sound and light alarm and information prompt function with various faults, including temperature deviation, speed deviation, detention board and drop board, wind fault and error operation, etc.
6. The new gas management system can make the hot gas exchange efficiency in the furnace higher, to obtain better thermal compensation and thermal efficiency, and fully meet the requirements of various lead-free soldering processes.
