

ZCLC-3-S Series Automatic Cooling Buffer Stocker With 20pcs Capacity PLC Control and Fast Cooling Rate

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: ZCLC-3XL-S
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 1700*1350*1900mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Description 1: Can Be Used To Buffer Between SMT Machines
- Description 2: Can Be Used For PCB Rapid Cooling After Reflow Or High Temperature Equipment
- Board Capacity: 20pcs Or Specified By Customer
- Maximum Load: 1.5kg/PCB
- Cycle Time: About 12 Seconds
- Power Supply And Electric Load: 220V(AC,SP)850VA Max
- Board Thickness: Min. 0.6mm
- Condition: Original New
- Highlight: **automatic pcb magazine loader, automatic pcb handling machine, smt pcb magazine loader**

Product Description

ZCLC-3-S Series Automatic Cooling Buffer Stocker With Platform

Product Features

- HMI operation system with intuitive function switching for easy operation
- PLC control system with multiple electrical circuit protection for security and stability
- 20-pitch temporary storage area capacity
- Comprehensive functions including first-in first-out, advanced after, and straight through modes
- Servo positioning system for precise positioning and fast lifting speed
- Standard SMEMA signal communication compatibility
- Innovative structure ensuring full board contact with cold air for rapid cooling

Related Products & Applications:

GSSMT, SMT buffer conveyor, PCB assembly line, Buffer stocker, SMT equipment, PCB handling equipment, Cooling buffer stocker, SMT production line, PCB buffer conveyor, Automatic buffer stocker, SMT line machine, PCB assembly conveyor, Automated PCB handling, Cooling system for PCB, Buffer stocker with platform, SMT conveyor system, PCB assembly line equipment
