

PTF Series PLC Controlled PCB Turn Conveyor with 220V Power Supply and Stepping Motor Control

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GS
- Model Number: PTF-250 / PTF-460
- Minimum Order Quantity: 1 PCS
- Price: USD+negotiable+pcs
- Packaging Details: 980*1000*1350mm
- Delivery Time: 1-7 days
- Payment Terms: T/T
- Supply Ability: 1+pcs+per days

Product Specification

- Description: Used To Adjust The Board's Running Direction To Different Paths
- Cycle Time: About 15 Seconds
- Power Supply And Electric Load: 220V(AC,SP)120VA Max
- Board Thickness: Min.0.6mm
- Highlight: **PTF PCB Handling Equipment,
220V PCB Handling Equipment,
PLC PCB Turn Conveyor**

Product Description

PTF Series PCB Handling Equipment Turn Conveyor

220V PLC controlled turn conveyor designed for automated PCB handling in SMT production lines.

Key Features

- Closed rotating mechanism design ensures maximum safety protection
- PLC control system with color HMI operation interface
- Stepping motor control for efficient, stable operation and precise positioning
- Multiple rotation direction modes for flexible operation
- SMEMA communication compatibility for seamless integration

Product images and technical diagrams available upon request

Applications: PTF series Turn Conveyor | GSSMT, SMT PCB turn conveyor, PCB handling equipment, Automated PCB conveyor, PCB assembly line, Turnover conveyor, PCB inspection conveyor, SMT production line, PCB transfer conveyor, Automated PCB handling, PCB flip conveyor, PCB assembly equipment, SMT equipment, PCB inverting conveyor, PCB turntable conveyor, PCB handling system, PCB conveyor system, SMT conveyor system, PCB flip machine, PCB handling conveyor
